RE: Letter of Recommendation

To whom it may concern:

This letter is to introduce you to BizDoc Storage and to recommend them for digitizing and organizing your historical documents.

We had been searching for a comprehensive data archiving service provider that would handle our 77 year-old brittle documents without further damage, as these must be saved in perpetuity due to specific Illinois compliance requirements. I met Stephen Geldermann of BizDoc Storage at an Illinois Cemetery and Funeral Home Association convention, and my search was over.

The BizDoc team met with me to discuss our options and to be certain that they were able to meet our expectations. Additionally, their team made a physical inspection of the documents prior to scanning to establish protocols. Finally, our documents were removed to an off-site facility for scanning, and not only did they keep us informed of the progress, but they made critical queries so as not to make any errors in judgment. Our hard copies were returned ahead of schedule, exactly as we requested and without difficulty to be reviewed prior to destruction.

If you are looking to hire a firm to protect your business-critical information, I recommend BizDoc. You will experience an expert team who are meticulous and attentive to detail, and will anticipate issues before they become a problem.

Utilizing BizDoc for our data archiving was the best decision I made; one of our smoothest projects.

If you would like to speak with me personally, please do not hesitate to contact me at (773) 625-8600, or at vpulido@westlawncemetery.org.

Sincerely,

Vickie Pulido
General Manager
